

Rabbit Recycling

Keeping it clean, local, and circular

Recyclables get lost at work.

The EPA's scheme review found workplaces, schools and apartment blocks are where drink containers most often miss out on recycling.

KERBSIDE BIN

11%

of yellow-bin glass becomes a container again — the rest is broken, downgraded to road fill

YOUR RABBIT BIN

99%

of deposit-scheme containers are recovered to make new bottles, right here in SA

Source: SA Environment Protection Authority, Dec 2025

We fix that — free.

Free wheelie bins and scheduled collections for businesses, schools and community groups across Adelaide's southern suburbs. Your staff drop in their 10¢ containers; we hand-sort every one and deliver it into the 99% stream — guaranteed. No cost, no contamination, no effort.

A story your customers will love

Every collection supports Nick's NDIS micro-enterprise — local employment and independence, one bottle at a time. 48,000+ containers and counting.
